

Photographic Society of Southern Africa

Barrrie

Wilkins

Hon. F.PSSA. F.PSSA(Ov) F.PSA FRPS

With an alphabet of photographic honours after his name.. none bought.. none traded.. all earned with acclamation from his colleagues and peers.. With a clarity of vision for the society which he has guided into exciting new dimensions.. With a loyalty and devotion to duty at local as well as national level; the cause being placed before self... With a black and white club Beanie worn like a crown with much pride and not a little prejudice.. With the personality to take people with him and to set the pace for all to follow.. With the ability to lead in his hobby by example; by showing what he can do and by inviting others to do likewise and to try, to do as well and entice men and women throughout the country to commit themselves to the Society and to photography.

Barrie Wilkins.. we salute you..... Kind of cameramen, Prince of Photographers..... We wish you rest for a while, from official duties, but continued production of your breathtaking visuals, and look forward to your eventual return to continue your rule on the Society Throne.....

May you have plenty of fun at 125th second....

Signed and dated this 10th day of October 1987
