- Each photo will be judged by 3 judges. The sum of the 3 scores will represent the final score.
- Where 2 or more adjudicators are of the opinion that an image does not conform to the definition of the entered category, the image will be rejected. In the case where 1 adjudicator is of the opinion that an image does not conform to the definition of a specific category, the average point of the remaining 2 adjudicators will represent his final score.
- Where there is indecision as regards disqualification the judges will take a decision after discussion.
- Any image that the Salon Director considers pornographic or offensive to the public may, on consultation with the judges, be disqualified.

DEFINITIONS:

MANIPULATION

Manipulation shall constitute any or all of the following modifications to the original image:

- Adding an element to the image that was not contained in the original capture;
- Removing an element from the image that was contained in the original capture;
- Moving or repositioning an element of the image that was contained in the original scene.

In the categories Nature / Wildlife and Photojournalism, manipulation is not allowed.

In Open there are no restrictions whatsoever in the way authors choose to post process an image.

The following actions are allowed and are not seen as manipulation:

- Cropping;
- Correction of lens distortion, chromatic aberrations, purple fringing, lens vignette and vertical / horizontal perspective adjustments;
- Flipping an image horizontal or rotate;
- Removal of dust spots or scratch marks from sensor or scanned images;
- The blending of different exposures of the same scene to broaden the dynamic range e.g. High Dynamic Range (HDR);
- Photo stacking to overcome the limitations of the digital sensor heat artefacts in long exposures;
- Focus stacking to widen the depth of field especially in Macro photography.

In the case of Nature and Wildlife HDR and focus stacking will not be considered as manipulation and may be used provided that the end result is a faithful representation of the original scene. HDR and Focus Stacking are not allowed in Photojournalism.

MONOCHROME

Monochrome is a black and white image. A black and white work fitting from the very dark to grey (black) to the very clear grey (white) is a monochrome work with various shades of grey.

A black and white work toned entirely in a single colour will remain a monochrome work able to stand in the black and white category.

A black and white work modified by a partial toning or by the addition of one colour becomes a colour work (polychrome) to stand in the colour category.

1. Category 1: WILDLIFE NO BIRDS - Manipulation is not allowed - Colour

Wildlife is not limited to animals and insects. Marine subjects and botanical subjects (including fungi and algae) taken in the wild are suitable wildlife subjects. Birds may not be entered. Human elements, if present should not detract from or overpower the subject.

2. Category 2: WILDLIFE BIRDS ONLY - Manipulation is not allowed - Colour

Wildlife Images are Nature images and are further defined as one or more extant zoological or botanical organisms living free and unrestrained in a natural or adopted habitat. Wildlife images of birds - subjects may not be in controlled conditions. Photographs of feral, domestic, farm birds or mounted specimens are ineligible. Human elements, if present should not detract from or overpower the subject.

3. Category 3: SCAPES - Manipulation is allowed - Monochrome

Scapes is a term that covers the depiction of scenery such as mountains, valleys, trees, rivers, forests, sea, cities etc. where the main subject is a wide view with its elements arranged into a coherent composition. Scapes may be natural or man-made.

4. Category 4: NATURE MACRO - Manipulation is not allowed - Colour

Macro photography is extreme close-up nature photography, where you get close to a small subject by physical or optical means. The size of the subject in the finished photograph is usually greater than life size and reveals detail which cannot easily be seen with the naked eye.

5. Category 5 - OPEN COLOUR - Manipulation is allowed

In this category the subject is totally open. Monochrome images will be disqualified.

6. Category 6 - OPEN MONOCHROME - Manipulation is allowed

In this category the subject is totally open. Colour images will be disqualified.

CONDITIONS OF ENTRY:

The author must also hold the copyright to each submitted image and of all component parts of it. The Salon Director may request an entrant to supply him with proof of the authenticity of all the elements in the presented image(s). If the entrant cannot supply such proof, his/her entry in the salon will be disqualified.

11. The entrant accepts without exception and with no objection the following terms:
 - that the submitted images can be investigated by PSSA to establish if these adhere to PSSA regulations and definitions even if the entrant is not a member of PSSA,
 - that any refusal to cooperate with PSSA or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, may result in disqualification.
12. As of 1st January 2022, the Salon Director will always request the original RAW/JPG file(s) with the EXIF data intact from those Entrants who have been initially selected for the Medals and COM's in the "NO MANIPULATION" categories. If the Salon Director confirms that the image has not been manipulated, then the award will stand for those Entrants. If the Salon Director confirms that an image has been manipulated, then the image will be disqualified and a note recorded for the PSSA Salon Administrator of the disqualification reason. The PSSA Salon Administrator will keep a list of transgressors which will be reviewed by the PSSA Salon Committee on a regular basis. Persistent transgressors will be notified of their transgressions as well as possible embargoes imposed on the transgressor. The Salon Director and the judging team for that category will decide on the replacement images for the Medals and COMs in line with the recommended acceptance levels. 20. The Salon Director may not serve as a judge for the salon. Any other person who, prior to or during the judging, is involved with processing the images or has access to the images may NOT serve as a judge for the salon. When it is unavoidable that the Salon Director judges a category, another person must be appointed as the Salon Administrator to download and prepare all the images and scoresheets for judging.
