## PRESIDENT'S MESSAGE

We live in an ever changing world. A world that has always embraced photography as a means of expressing itself through a photograph. Photographs have reflected both love, sorrow, fear and joy. Every conceivable scene has been captured on film since the medium of photography was invented.

Many photographers who join the Camera Clubs of their choice and ultimately join PSSA, strive onward to achieve their photographic honours. All use the camera, using their creative skills, to capture a variety of images. Skills that were learnt through membership of a Camera Club and involvement in PSSA open competition.

Being a part of the PSSA family of creative photographers opens up your visions and allows you to strive for excellence through the images you create.

Always make pictures, do not just take pictures.

I thank our sponsors, **SASOL OIL** and **AGFA** for their generous support of this publication.

PSSA is photography in South Africa.

**Derek Pearman FPSSA**
