

HOW to get members published on this gallery

This is a gallery paying tribute to our members who have passed away and showcasing their work.

The gallery has space for about 12 images each - one of which should be a portrait of the member - as well as an obituary and tributes.

We please need the assistance of everyone, but particularly that of the regional directors, to keep us informed of who has passed away and to source the images and the obituary.

There is no time limit on this, so members who passed away a long time ago can also be added.

Please send images and information directly to archives@pssa.co.za

Thank you
Trudi du Toit
