OPEN COLOUR – KATEGORIE MAAND WENNER

One way down by Lwandisenkosi Mkandla from Queens College

I am a scholar at Queens College and are currently in Grade 12

With photography I always believe there is such a things as being in the right place at the right time,such as u was fortunate to take this shot. it was a Darby in East London vs stinging high school as it was one of our first darbies and I really wanted post something on my photography page to show that we are back into winter sport,now as the first team came onto play,there were plays being made after every phase and I was determined to take atleast a few good photos of a brilliant play or two before the game got stale.

There I was my CF card was pretty much full I was fortunate enough to borrow a cf card from one of the society members and as I got it I kneeled on one knee going to follow the play then before I knew it a big tackle was coming up,everything was perfect iso,f-stop and aperture was set, I see the player go up my finger became trigger friendly and to my surprise I got the key moment to a brilliant tackle. If you'd like to see some more of my work my instagram handle is: lm kay_photography
