## **DEFINITIONS:**

### **MONOCHROME**

A black and white work toned entirely in a single colour will remain a monochrome work able to stand in the black and white category.

A black and white work modified by a partial toning or by the addition of one colour becomes a colour work (polychrome) to stand in the colour category.

## **CONDITIONS OF ENTRY:**

### **1 ARTIFICIAL INTELLIGENCE:**

AI-created images are **NOT ALLOWED** in this salon! Images created or altered by artificial intelligence are banned in PSSA Salons and Competitions. All parts of the image must be photographed by the author, who must hold the copyright and retain the original RAW/Unretouched JPG files with EXIF data intact. RAW files may be requested for any category.

The entrant accepts without exception and with no objection the following terms:

- that PSSA can investigate the submitted images to establish if these adhere to PSSA regulations and definitions even if the entrant is not a member of PSSA,
- Failure to Provide these will result in referral to the PSSA Salon Committee and inclusion on the transgression list.

#### **Generative AI technology consists of:**

- In-painting (where AI fills in generated elements not captured by the photographer or removes and replaces elements from a photograph with AI-generated content),
- Out-painting (where AI extends beyond the original boundaries of the photograph using generated elements); and
- Image-to-image AI (where AI transforms an entire photograph based on text prompts or style references)
- Text-to-image (where images are generated from scratch based on text entered into a prompt description)

AI features like clearing, de-noising, masking, sharpening, subject selection, tone adjustments, and upsizing are allowed in our competitions if they follow editing criteria and only include elements captured by the entrant. AI sky replacement is allowed if the entrant captured the new sky.

Taking inspiration from other photographers or artists is acceptable, but copying the original work's colour, composition, elements, perspective, angle, subject, and tone is not. Photographers must not capture screen images or photograph images found online and use them in their composite images for submission to salons, panels, or competitions. All post-processing of submitted images must be done by the entrant, except for scanning negatives and printing. Copying any part of someone else's image or artwork by tracing, sketching, etc., is prohibited.

### **2 MANIPULATION:**

Manipulation is **strictly prohibited** in the Nature, Photo Travel, Street, Sport, and Photojournalism categories, as well as in any categories defined accordingly. Over processed images will be disqualified.

#### **Editing techniques that are not allowed:**

- Removing, adding to, moving or changing any part of an image, except for cropping and

- A very subtle vignette is allowed except in Nature and Wildlife.
- Complete conversion of color images to grayscale monochrome.
- Blending of multiple images of the same subject and combining them in camera or with software (exposure blending/HDR or focus stacking).

In the case of Nature exposure blending/HDR and focus stacking will not be considered as manipulation and may be used provided that the end result is a faithful representation of the original scene.

Exposure blending/HDR and Focus stacking are **NOT** allowed in Photojournalism.

- Image stitching - combining multiple images with overlapping fields of view that are taken consecutively (panoramas).

In Open categories and those where manipulation is permitted, there are no limits on how authors may choose to post-process an image.

The Salon Director will always request the original RAW/JPG file(s) with the EXIF data intact from those Entrants who have been initially selected for the Medals and COM's in the "NO MANIPULATION" categories. If the PSSA Salon Committee confirms that the image has not been manipulated, then the award will stand for those Entrants. The Salon Director and the judging team for that category will decide on the replacement images for the Medals and COMs in line with the recommended acceptance levels. Entrants will be allowed 4 days to provide the Original RAW/JPG file(s) where after the Entrant will not be eligible for Medals or COM's. Refusal to submit these will result in referral to the PSSA Salon Committee and inclusion on the transgression list.

- 4 An image may be used only once in a specific salon, panel, or competition, regardless of the category or whether the image is in colour or monochrome. Similar images are not permitted. If an image appears in more than one category, the second instance of the image will be disqualified. Monochrome and colour variations originating from a single image are considered identical unless there is a substantial difference in artistic treatment. Additionally, similarity may occur when elements are replicated across different composite images.
- 5 Each image must have a unique name; the name of the image may not be altered as acceptance records are based on the image name. Titles such as "Untitled" and "No Title" are not acceptable, nor are titles consisting solely of camera filenames or numbers. Sanctions will be imposed if an accepted image or print is re-titled, or if different titles are used for Colour and Monochrome versions or Print and Projected Digital Image versions of the same image.
- 6 Entrants may submit up to four images in each PDI category and six in each print category of a national salon.
- 7 Images that were accepted previously in a National Salon by the hosting club or society cannot be entered again into their National Salon but may be submitted to an International Salon hosted by the same club or society. This rule also applies to International Salons.
- 8 Images that do not meet the category's definition or criteria will be disqualified by the judges.
- 9 The image must not display any title, watermark, or identification of the creator.
