Westville Camera Club's early years

Noel Henderson

The Westville Camera Club was started by **Noel Henderson** (left) in April 1979 as the Westville Cine and Coloured Slide Club. The other founding members were **Yvette Henderson**, **Tom and Graham Croot**, **Graham Smith** and one other. Read the minutes of the first AGM [here](#).

Meetings have been held at the Westville Library since the inaugural meeting, with the first AGM being held in May 1980. In 2013 the club moved to the Westville Methodist Church.

In 1982 the name was changed to the Westville Camera Club (WCC) to give the club broader appeal and no doubt a more user-friendly name.

The date that the club joined the PSSA is not known, but it was certainly in the early days of the club's existence and it has always been involved in the running on congresses and salons.

WESTVILLE CAMERA CLUB BADGE

During her term of office as Chairperson, Marcia Wilde designed and introduced the club badge. After prior approval of the Natal Provincial Administration and the Westville Municipality, the design of the badge was derived from the wildebeest of Natal at the top and sections of the Westville Coat of Arms. These are the hills of Westville and the renowned wild fig tree known as the Outspan Tree from the days of ox wagons that operated between Durban and Pietermaritzburg.

Above: The current club logo was designed in 2016.

Marcia Wilde (right) designed the first club badge in 1984 during her tenure as chairman and (see above). She incorporated elements of the Natal and Westville coat of arms. The logo was redesigned in 2016 as it was felt that it needed to be modernised, and after an internal competition, the current design by Chas Venter was chosen.

The first Assessments will be made at the March 1991 meeting and the A.V's may be made of any subject. Brian Preen will be the A.V. Steward. So please let Him know of your entries in good time.

The original objectives were noted as "... to hold periodical gatherings of members for the purpose of promoting and fostering a spirit of good fellowship whilst viewing each other's films and slides, obtaining and giving advice and instruction with the view of achieving the best results in making films and slide series." AVs also played an important role.

There are numerous members who, over the years, have contributed significantly to the running and promotion of the club but probably none more so than the founder, Noel Henderson who was still a committee member in 2001. Two other names that were prominent since the early days, are **Tom** (right) and **Maggie Lally** (left). Tom was the first APS-SA Honours member and Maggie was a chairperson of the club and Regional Director of KwaZulu-Natal. They have sadly passed away, but their contribution to the club will be forever remembered (Read a tribute to Maggie [here](#)).

Another photographer who inspired many to grow in their hobby was **Benine du Toit**.

Today the shortened motto is ..."fostering a spirit of good fellowship"..... but all the values adopted by the original committee still stand.

The competitive element of photography is encouraged, but not to the exclusion of the social and fun aspects of the club. This is what attracts people to the club, as both inexperienced and experienced photographers are welcome, and all levels and interest groups are catered for.

The history is too full of colourful characters and memorable events to do justice to it here and the current members are deeply indebted to those founder members and all who have helped keep the club going strongly over the years.
